The screenshot shows the Windows taskbar notification area. At the top, there is a notification for 'スクリーンキャプチャ・現在' (Screen capture - now) with a camera icon, indicating that a screenshot has been taken. Below this, the 'ネットワーク' (Network) notification is expanded, showing the 'Wi-Fi' toggle switch turned on. A red arrow points to this toggle switch. Underneath, three Wi-Fi networks are listed: 'kushiro-e.0021' (connected), 'DIRECT-9C-EPSON-4D0D65', and 'tsuruno-e\_group'. The system tray at the bottom right shows the date '11月17日', time '14:45', and various system icons including network, volume, and battery.
